GO GO POWER RANGERS

BILLY/BLUE RANGER

Although considered a nerd by those who know him, Billy is an ultra-intelligent teenager entirely focused on academics. His good hearted nature is obscured by techno-speak, which only fellow Power Ranger Trini seems to understand. He's a member in good standing of the Debate Team, the Science Club, the Math Club, the Chess Club, MENSA and the William F. Buckley Vocabulary Society. Spending most of his free time in the computer centre testing his latest scientific theories, Billy is fascinated by everything. In spite of his shyness, he feels comfortable with his fellow Power Rangers and loosens up a bit in their presence. As a Power Ranger, Billy dons the Blue uniform and draws his power from the Triceratops. His weapon is the Power Lance and his vehicle is the Triceratops Dino Zord.

TRINI/YELLOW RANGER

Described as the one who has "lightning hands and a peaceful soul" by Zordon, Trini is the consummate martial artist. She is slow to anger, but, when pushed to the limit, can neutralise any opponent with a minimum of effort. She is quiet and observant by nature, very intelligent, and the only Power Ranger who can understand Billy. She spends most of her time alone, researching Eastern philosophy or working out in the gym. As a Power Ranger, Trini is clad in yellow and draws her power from the Sabre-Tooth Tiger. Her weapon is the Power Dagger and her vehicle is the Saber-Tooth Dino Zord.

JASON/RED RANGER

A seventeen year old black belt in Karate, Jason is the leader of the Power Rangers team. When he's not working on perfecting old martial arts moves or inventing new ones, "he's scopin' babes." A patriotic guy who sees himself as a superhero saving the world, Jason has a bit of a mischievous streak. Subject to the standard ups and downs as well as the hopes and dreams of most teenagers Jason's sly smile and rugged manner can often be replaced by just the "kid next door" demeanour. Jason is the red Power Ranger and draws his power from the Tyrannosaurus Rex. His weapon is the Power Sword and his vehicle is the Tyrannosaurus Dino Zord. As the Power Rangers leader, he also pilots the Mega-Zord when it's fully assembled.

KIMBERLY/PINK RANGER

The most popular girl in the school, Kimberly is bright and beautiful as well as strong-willed and independent. In spite of her sarcastic retorts to "bad guys," Kimberly is always very positive and quite sweet when responding to her friends. A championship gymnast, Kimberly spends free time at the shopping mall and longing for adventure. Naturally Kimberly's Power Ranger colour is pink and she draws her power from the Pterodactyl. Her weapon is the Power Bow and her vehicle is the Pterodactyl Dino Zord.

ZACK/BLACK RANGER

A good kid with a good heart and a boundless supply of energy, Zack is in love with life. He lights up a room the minute he walks into it and is truly everybody's friend. Very clever, streetwise and a smooth talker, Zack can charm anyone with a quick smile and a smooth line. His passion for life is music and dance and he is also an accomplished gymnast, often combining his dance and martial arts skills to form a style he calls Hip-Hop-Kido. Quite intelligent as well as courageous, Zack is often the voice of caution and goes with his never failing intuition. As a Power Ranger, Zack's colour is black and he draws his power from the mighty Mastodon. His weapon is the Power Axe and he drives the Mastodon Dino Zord.

TOMMY/GREEN RANGER

Tommy is the newest and the most feeling of the Power Rangers. Tommy, a 17 year old high school student and Kimberly's love interest, received his Green Ranger power from Rita Repulsa, who recruited him to destroy the "Power Rangers". Under Rita's control, Green Ranger penetrates the command base, turns off Zordon's communication devices and wreaks havoc on Alpha's circuitry. Alpha however, is able to trap the Green Ranger, which breaks Rita's spell over him. Saved by the Power Rangers from a life serving the Evil Empress, Zordon recruits Tommy as the sixth Power Ranger. A highly skilled black belt in karate, Tommy is well liked by the rest of the group, but tends to be a loner. But even when he goes off in his own direction, he's always there when the group needs him. As a Power Ranger, Tommy's weapon is the Dragon Dagger, which allows him to summon Dragon Zord, alert the other Power Rangers, and send them all into battle. Dragon Zord can join Mega Zord to form the ultimate battle machine, Ultra Zord

THE BAD GUYS RITA REPULSA

Also known as the Empress of Evil, Rita Repulsa's one weakness is her monstrous vanity. When she's not destroying Earth or Earthlings, she strives to keep her figure shapely by peddling her interdimensional flying bicycle throughout the galaxies. A mean, nasty, vengeful and spiteful creature, Rita lives by the motto "It's very good to be very bad."

SQUATT

Half warthog, half blueberry with a brain the size of a peach pit, Squatt is highly excitable and loves a good fight almost as much as Rita Repulsa. Though Squatt is a close ally, he often annoys Rita, and this in turn, makes his life miserable.

BABOO

Baboo is one of the most simple space simians. His role as Rita's cheerleader and chief scapegoat explains his constant whimpering, shrieking and kissing up to Rita.

THE PUTTY PATROL

This group of mindless, disposable clay creatures were created by Finster to serve Rita Repulsa in her conquest of galaxies. The Putties, as they are commonly referred to, appear as needed out of small balls of space clay. What they lack in intelligence, they make up for in sheer numbers.

GOLDAR

As Rita's personal body-guard and chief warrior, this winged warrior is skilled at laser cannon operations as well as intergalactic warfare. He is Rita's second in command.

FINSTER

Blinded by his total devotion to Rita Repulsa, Finster actually has about half a brain, which deems him the most intelligent of the Empress of Evil's bunch. Skilled at creating disposable soldiers out of space clay, Finster hails from the planet Clayobious and is an indispensable member of Rita's battle team.
